

2022-2023 ANNUAL REPORT

A Word from Our President

Dear Chamber Member and Guests:

As we reflect upon the end of another year, I am deeply humbled and equally excited about the advancement, achievements and positive changes that have transpired with the Greater Beaumont Chamber of Commerce. This past year has indeed been foundational, with the incorporation of various new programs that you can see in the annual report and solidifies the Chamber's commitment to the businesses of Beaumont.

Our overarching mission at the Chamber has always been clear – to grow the economy, assist businesses on their path to success, and make a lasting impact on our community. I am proud to say we have made significant strides this year. We embarked on numerous new initiatives; all designed to nurture small businesses and inspire the entrepreneurial spirit that Beaumont holds.

Leadership, as we understand, is not about being in charge; it's about taking care of those in your charge. In this spirit, I am excited about efforts in our leadership development programs, we have been fine tuning our programs to ensure that we nurture the next generation of Beaumont leaders. Several leadership programs have a fresh perspective with an infusion of new ideas and concepts.

At the very heart of our endeavors lies a simple yet propound ethos - to help businesses in their growth and prosperity. Our aim is to ensure that every member sees tangible benefits, that every association with the Chamber translates to real value. I want every member to know that at our core, we are tirelessly working to help businesses not only sustain but to thrive and achieve unparalleled success.

In closing, I wish to express my profound gratitude to the Board of Directors for the unyielding support, trust and commitment they have shown me and the Chamber. I want every member to know that we are working tirelessly to help you be successful.

It is the collective spirit of what makes Beaumont great that is propelling us forward. We have begun the process of achieving new things, and I am confident that the future holds even greater promises. Thank you for continuing to stand with the Chamber, to believe in our mission and invest in the growth and prosperity of Beaumont.

Ever Forward.

Steve Ahlenius
President & CEO
